

**Breakfast area**

Surrounded by 'CH36' chairs by Hans J Wegner for Carl Hansen & Søn, this red table is a custom-designed piece by MariaGroup. The pendant light above is a vintage 'Knubbling' by Anders Pehrson

**Hallway** This space is a perfect example of how MariaGroup uses different textures to alter light – the 'Moon' pendant by Davide Groppi emits a soft glow, while the 'Constantin' resin stool by Francesco Balzano catches the sun's rays and emits a sky-blue aura. The floor lamp in the corner is a 1960s 'Flower' design by Olivier Mourgue and the rug is from the 'Plasterworks' series by David/Nicolas for CC Tapis ▶
